The Parties acknowledge the accuracy and validity of those exhibits.

In consideration of the Village's substantial commitment to the redevelopment of the Redevelopment Property and its commitments contained in this Agreement, the Developer agrees, represents, warrants and covenants with and to the Village as follows:

Description/Title: A Resolution Authorizing the Execution of a Redevelopment Agreement - Goodyear

Workshop X **Regular** X

Summary:

Mike Mikuska, who owns Goodyear at 49 Normantown Road, has proposed a redevelopment plan for the building and site. The property is located in the Downtown District as well as the Downtown TIF. As such, Mr. Mikuska has requested a façade improvement grant and TIF incentive.

Following is a summary of the project. A more detailed list, which includes cost estimates, provided by Mr. Mikuska is attached to the Redevelopment Agreement as Exhibit B.

- The building will be tuck pointed to prevent moisture from getting behind the paint and peeling.
- A new dumpster enclosure will be constructed. The dumpster enclosure, which will be located behind the building, will either be constructed of PVC fencing or of stained wooden fencing with metal posts. It will match the main building color.
- The shed located behind the building will be repaired, the door will be replaced, and the structure will be repainted.
- The building and fascia will be powerwashed, primed, and painted with 2 coats of paint. Mr. Mikuska intends to paint all of the white areas in light beige and all of the blue areas in black. (He has not provided a sample board as he intends to buy several shades of paint to test them on the building in order to find the best match for the application.) The metal supports separating the garage doors will be painted black.
- The box sign on the front of the building will be removed. The wall will be repaired, covered in new EIFS, and painted black. A new illuminated Goodyear sign with individually cut channel letters will be installed.
- The existing non-illuminated steel letters will be replaced. They will read "Mickey's", "Mickey's Auto", and "Auto Service".
- The existing asphalt and concrete will be removed.

- A new concrete parking lot will be installed. The parking lot layout will not change. The accessible parking space, which is no longer visible due to fading, will be properly striped and signed.
- New concrete sidewalks will be installed.
- A stamped concrete sidewalk will be provided at the entrance.
- Curbing will be provided around new landscape areas.

Landscaping will be installed in the parkway along Townhall Drive, at the base of the freestanding sign, and along the sidewalk at the entrance to the building.

- 5 ornamental trees and 20 daylilies will be planted along Townhall Drive.
- 6 shrubs, ornamental grasses (which will not exceed 3-feet in height), and perennials will be planted at the base of the freestanding sign.
- 7 yews and several perennials will be installed along the front (north side) of the showroom and perennials will be installed on the sidewalk along the west side of the showroom.

The improvements are estimated to cost approximately \$100,000. The current proposal involves a \$40,000 incentive.

- \$25,000 of the incentive will be in the form of a façade improvement grant. This is the maximum grant allowable under the Village's existing façade improvement program.
- \$15,000 of the incentive will be a straight TIF incentive. Of this, \$5,000 will be allocated to the installation of the public sidewalk – a project which the Village intended to undertake.
